2. PROOF, IN JONATHAN'S WORDS

\$91k	Waterfront great room, Lutron Ketra lighting. The photo in the email. \$2.5k of ad spend pulled it.
\$70k	Georgian Colonial restoration, whole home audio, James Loudspeaker indoors and out, wired from rough-in.
\$50k	Baltimore city penthouse, Control4 and Lutron retrofit.
\$500k+	Lifetime from one contractor relationship that started with one search term.

Values only. No proposal documents leave the call.

3. THEIR GAP, SAID ONCE

- One page for everything. A Port Royal buyer searching "home theater Naples" lands on a competitor.
- Phone closes at 4. A form fill at 6:15 waits until morning. The buyer books whoever calls first.
- Five brands they sell, none on a page a buyer can land on.

4. THE OFFER, STATED FLAT

Level 1. Site (new or takeover), one page per service and per area, managed Google Ads behind each, SEO (local, GBP, content, technical), weekly PDF, one 15 minute meeting a month. **\$2,500/month.** Ad spend on top, paid to Google from their account, \$1,000/month minimum recommended.
